

PRO2 stick Oxygen analyzer

THE FUTURE OF ORBITAL WELDING

FEATURES:

- Measurement range: 1000 ppm up to 1 ppm • resistant to H₂, humidity and ozone
- Less than 5 seconds start-up time
- 11 hours of battery life
- Integrated signal-horn
- Integrated Bluetooth module (Bluetooth class 1, 100 m coverage) -> sending data to the welding machine, Android-mobile phone (10 m) or PC
- A Bluetooth recipient module is available optionally
- Robust, innovative and handy aluminium case
- High-resolution 1" OLED-colour-display
- 180° turnable display
- Automatically turns OFF if the measurement stays above 1000 ppm for 10 min
- 2 integrated LEDs, one usable as Flashlight and one showing battery status

TECHNICAL DATA:

- Range: 1000 - 1 ppm
- Without carry case: Weight: 0,5 kg; Length: 280 mm; Diameter: 56 mm
- Carry case including PRO2 stick: Total weight: 1,9 kg; Case width: 390 mm; Case height: 100 mm; Case depth: 315 mm
